## 1. Installation

### 1.1. Server requirements

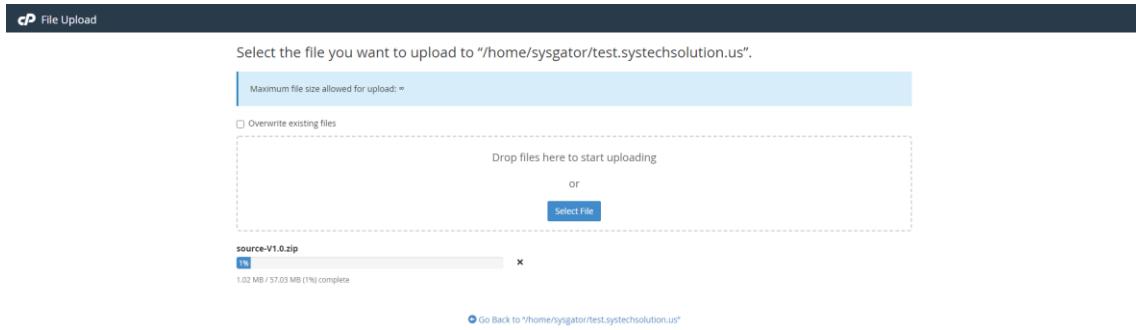

- a. PHP >= 7.3 to <=8.1
- b. MySQL / MariaDB / Percona Server for MySQL 5.6.17 or above
- c. BCMath PHP Extension
- d. Ctype PHP Extension
- e. Fileinfo PHP Extension
- f. JSON PHP Extension
- g. Mbstring PHP Extension
- h. OpenSSL PHP Extension
- i. PDO PHP Extension
- j. Tokenizer PHP Extension
- k. XML PHP Extension

### 1.2. Upload source file

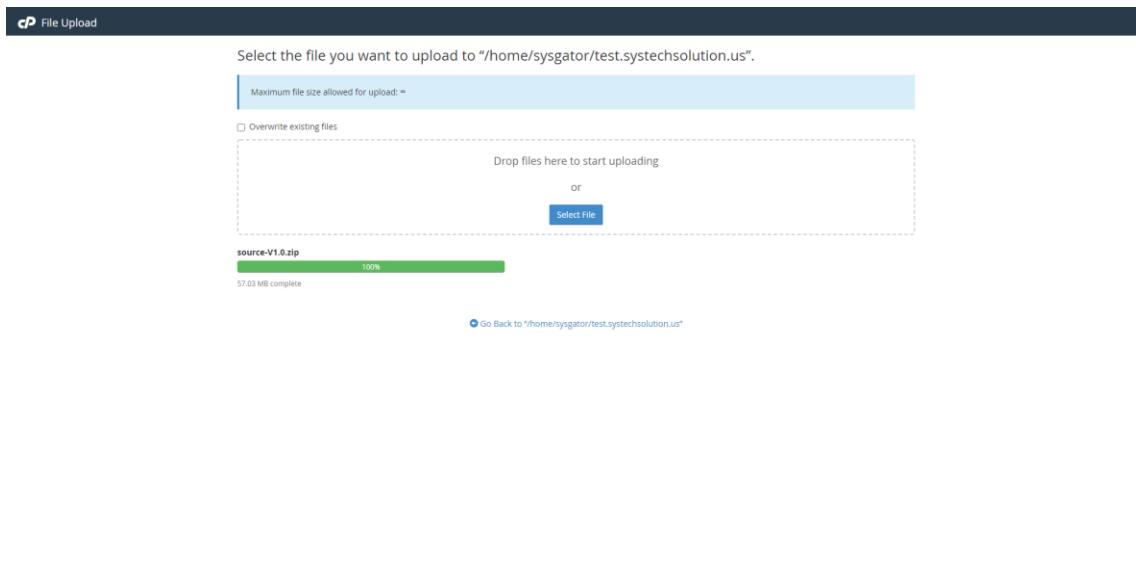

**Step-01:** First you need to upload the source-v[X].zip to public root folder.

## Documentation by dParking v1.0

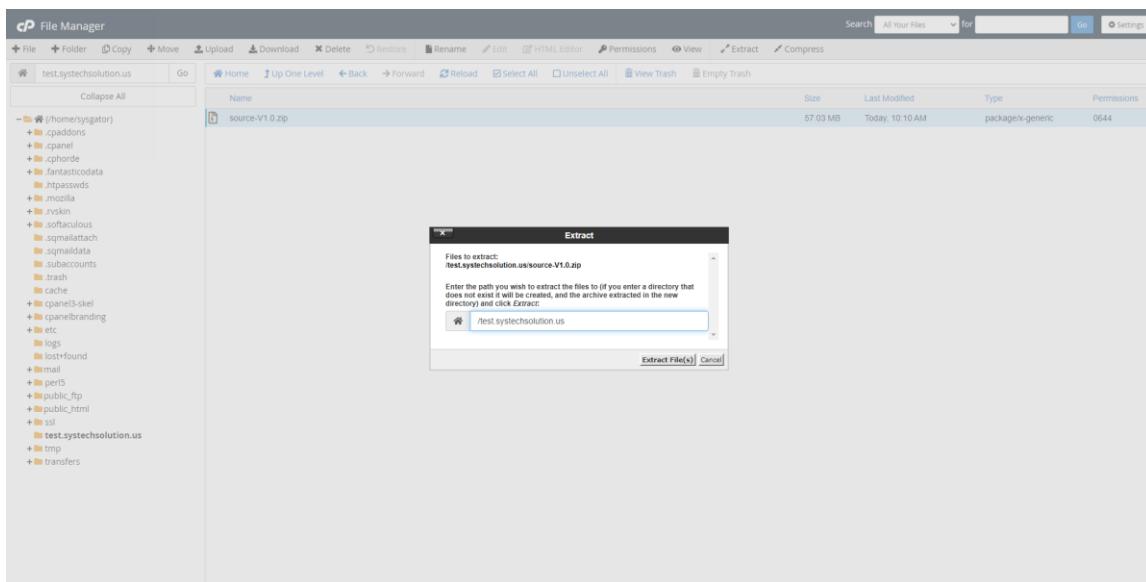

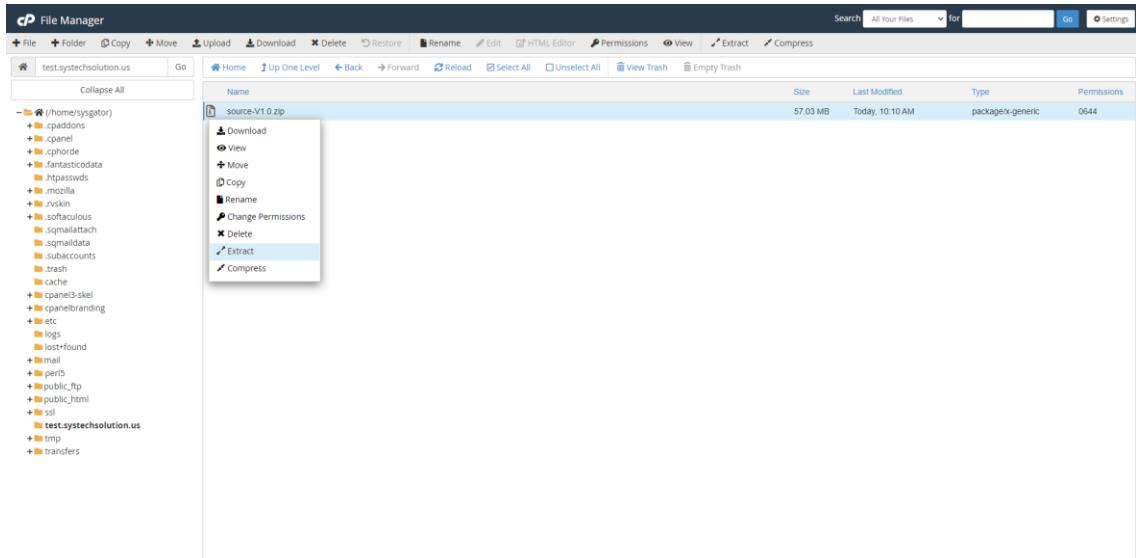

**Step-02:** Wait until uploading is finished.

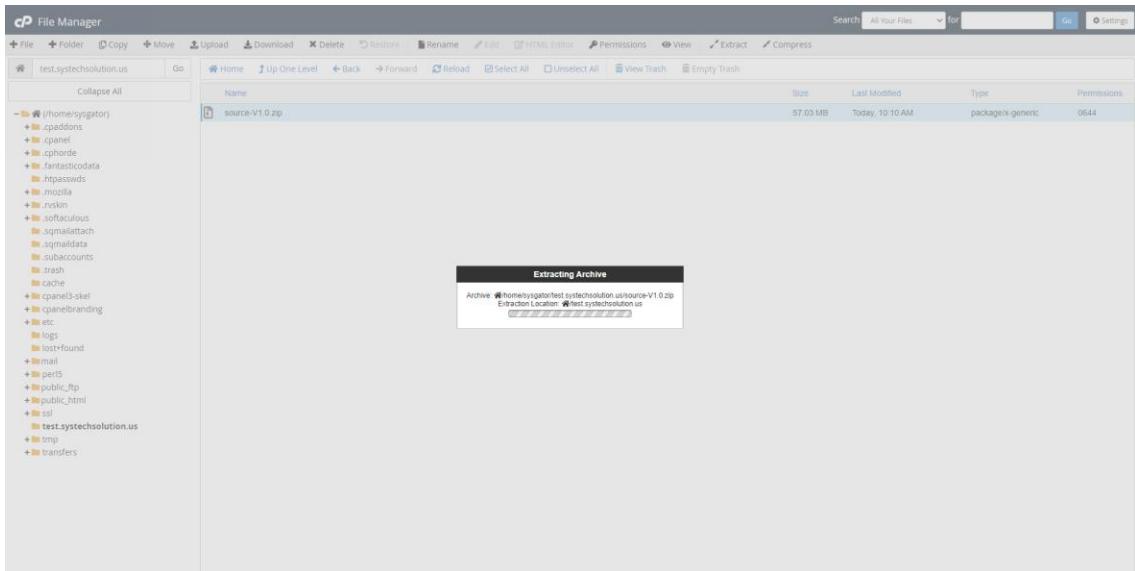

**Step-03:** After that, please extract the folder in the public root directory.

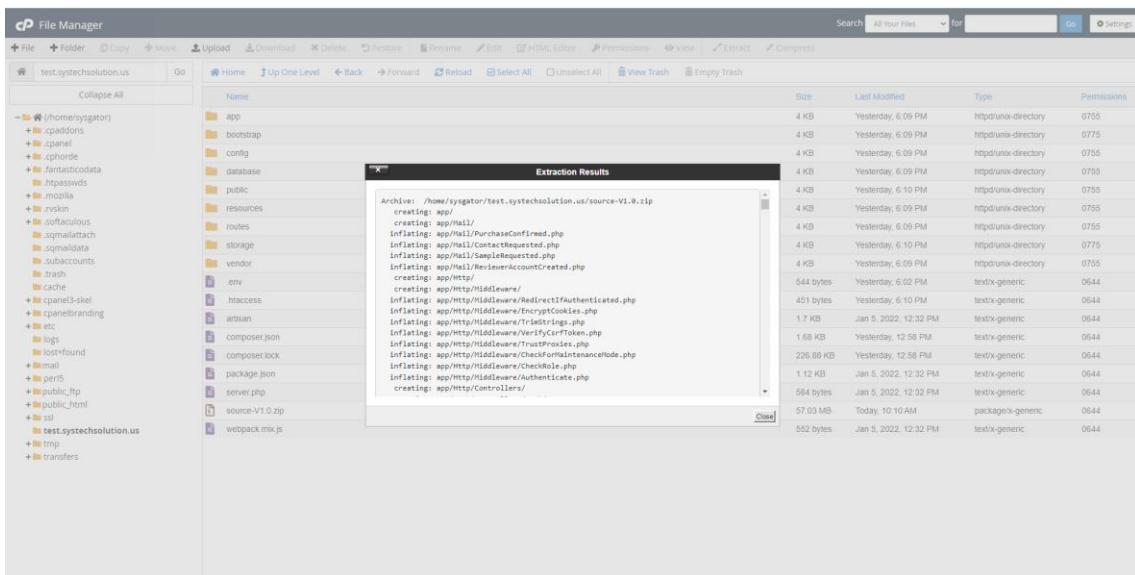

## Documentation by dParking v1.0

## Documentation by dParking v1.0

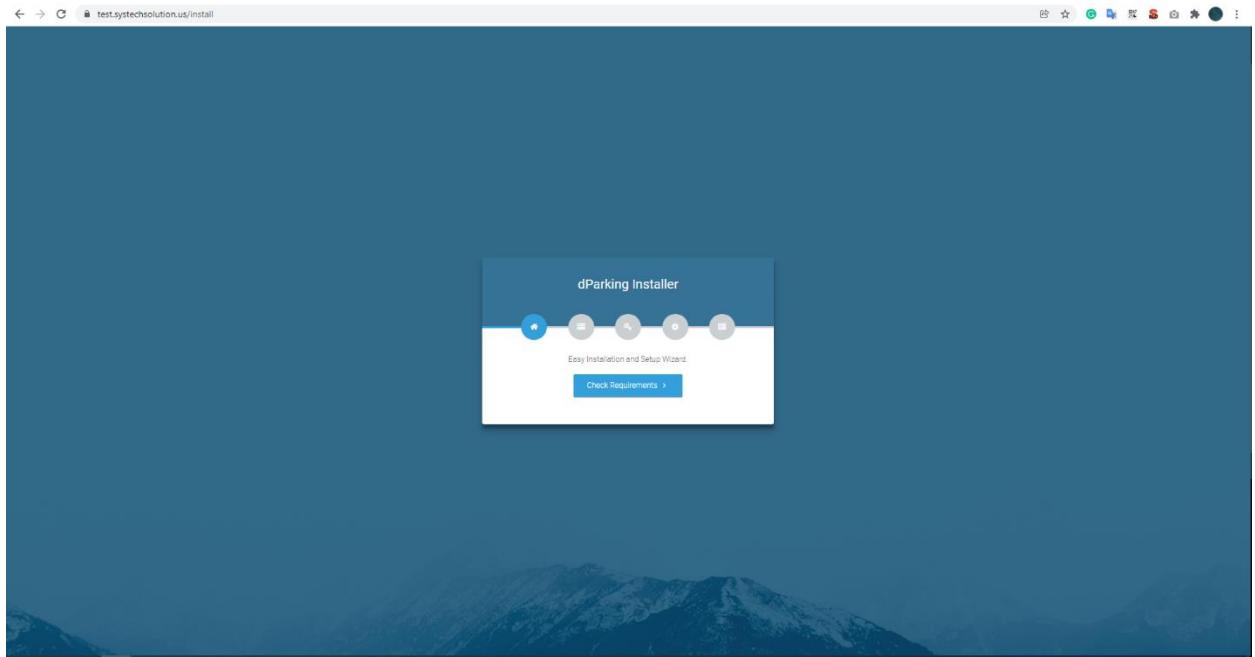

Step-04: Wait until the extraction is finished.

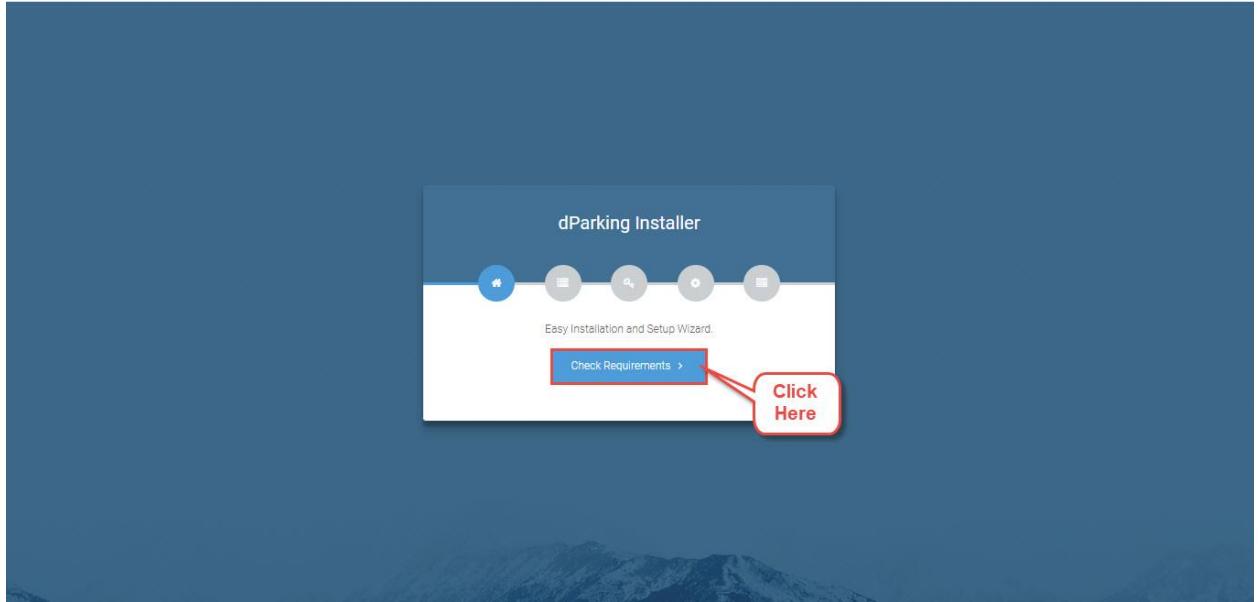

That's it, now you can start the installation.

### 1.3. Using Installer

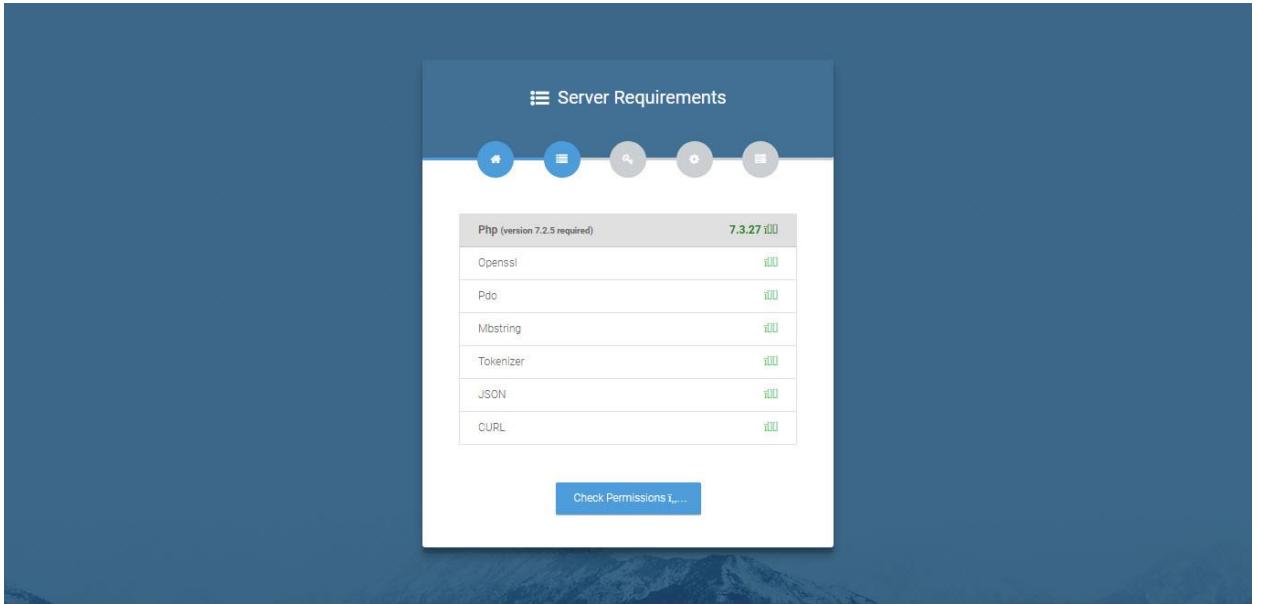

Follow the steps and start using the appellation.

**Step-1:** Click “Check Requirements” button.

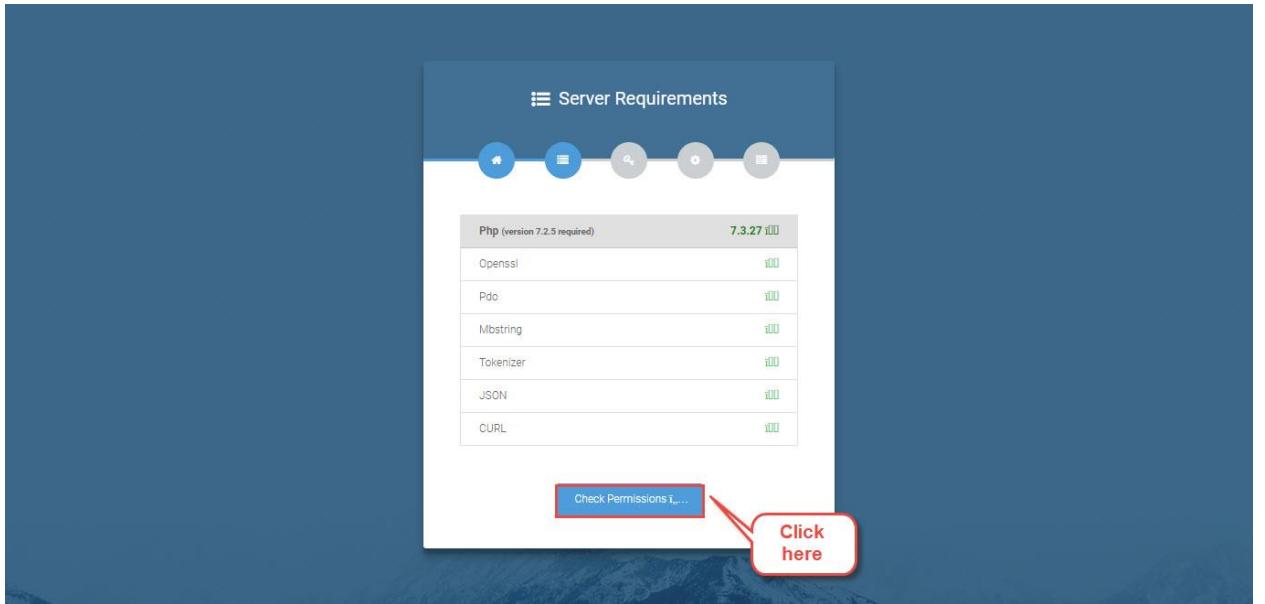

Then the user will get requirements checking page.

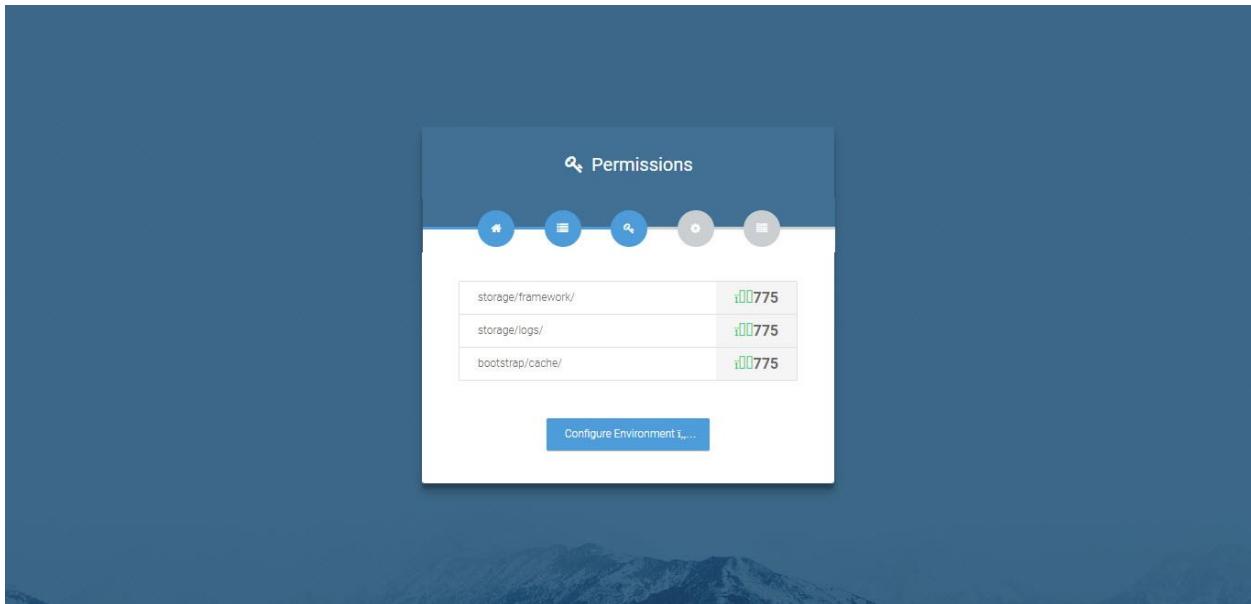

Please check the requirements here.

**Step-2:** Click “Check Permissions” button.

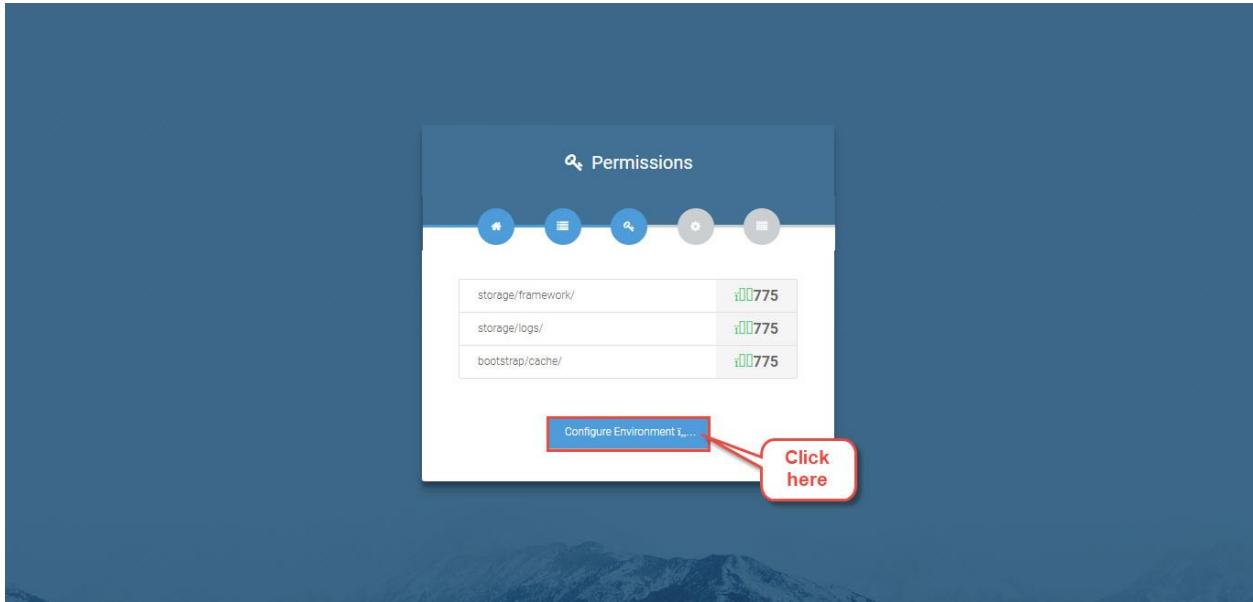

## Documentation by dParking v1.0

Then user will get permission page.

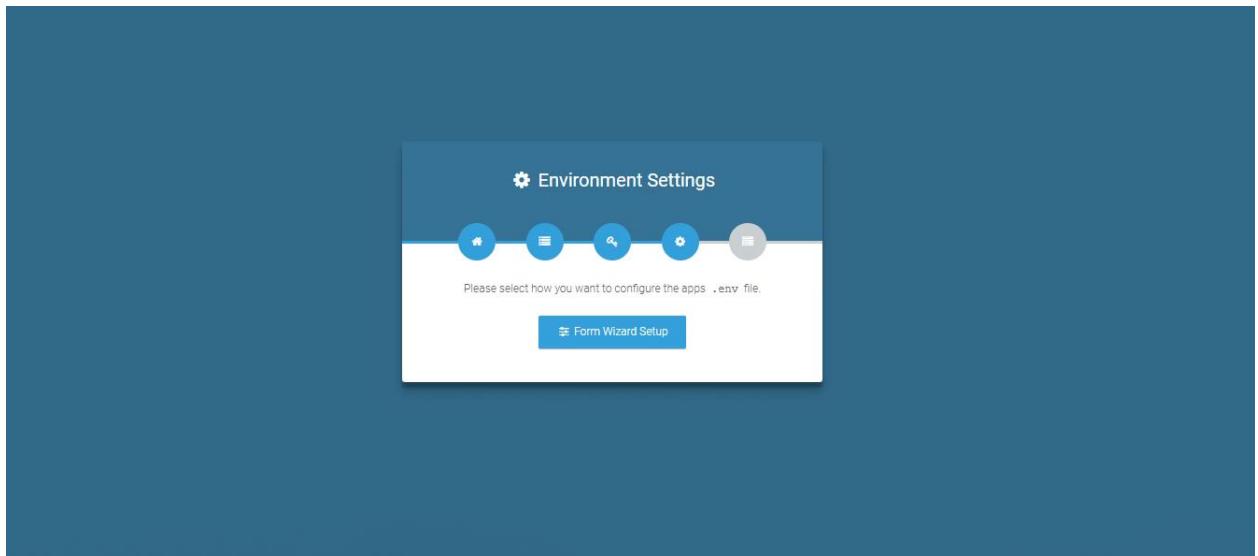

Please check permission here.

**Step-3:** Click “Configure Environment” button.

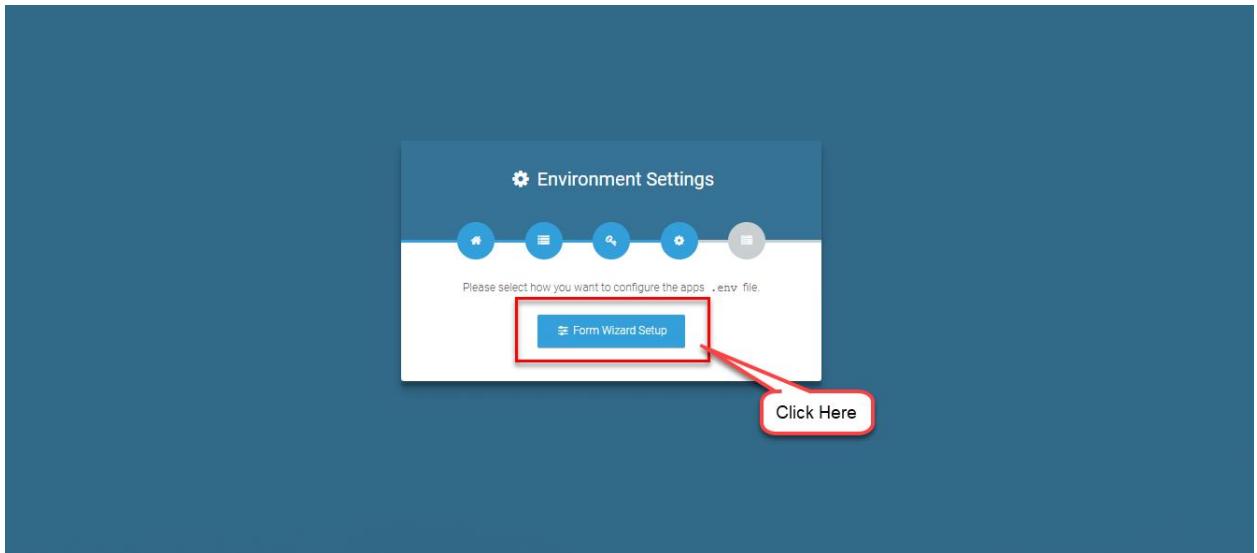

Then user will get the environment page.

**Step-4:**

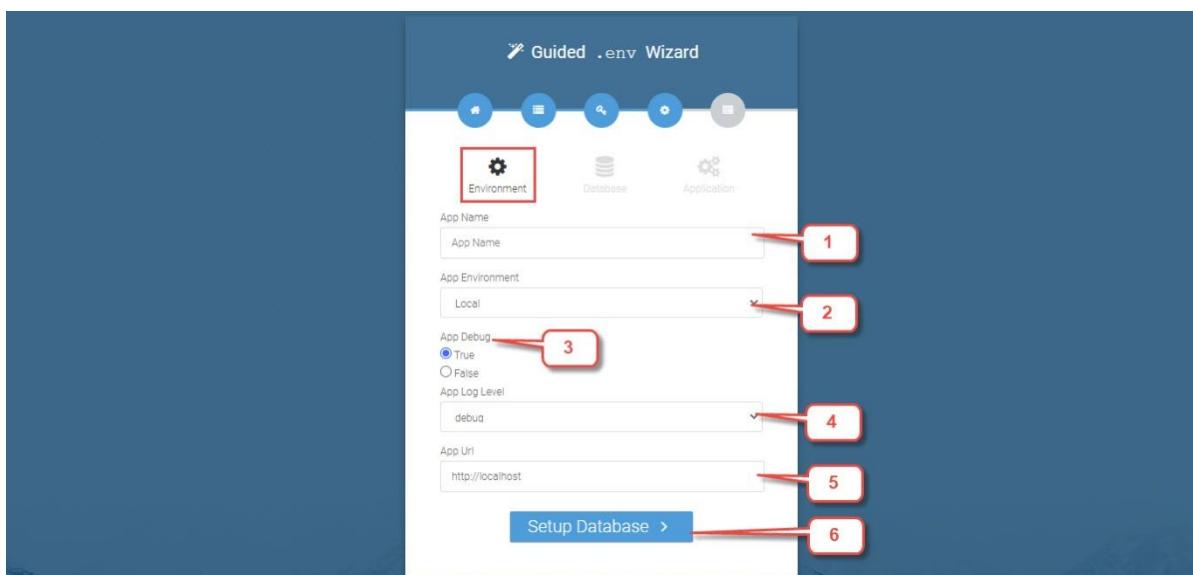

**4.1)** For setup environment with form, click “Form Wizard Setup” button.

User will get environment setup, where you can set environment, database and application Setup option.

To configure the environment, follow the instruction:

Click Environment:

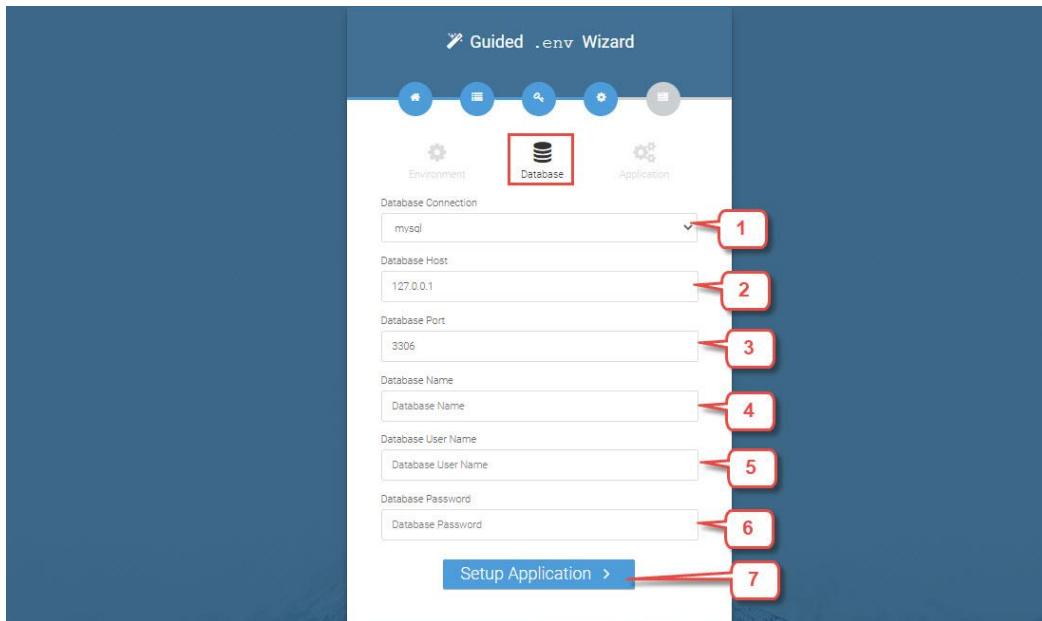

1. Give application name.
2. Select the application environment. Such as local, QA, development, production or others.

3. Set application debug true or false according to requirements.
4. Select application local level. Such as debug, info, notice, warning etc.
5. Give application domain name (application url).
6. Click the “Setup Database” button.

**To configure database, follow the instruction:**

To create database go to cPanel => MySQL® Databases then create database then create database user name and assign database user name. Set all database permission. After that follow the next instruction.

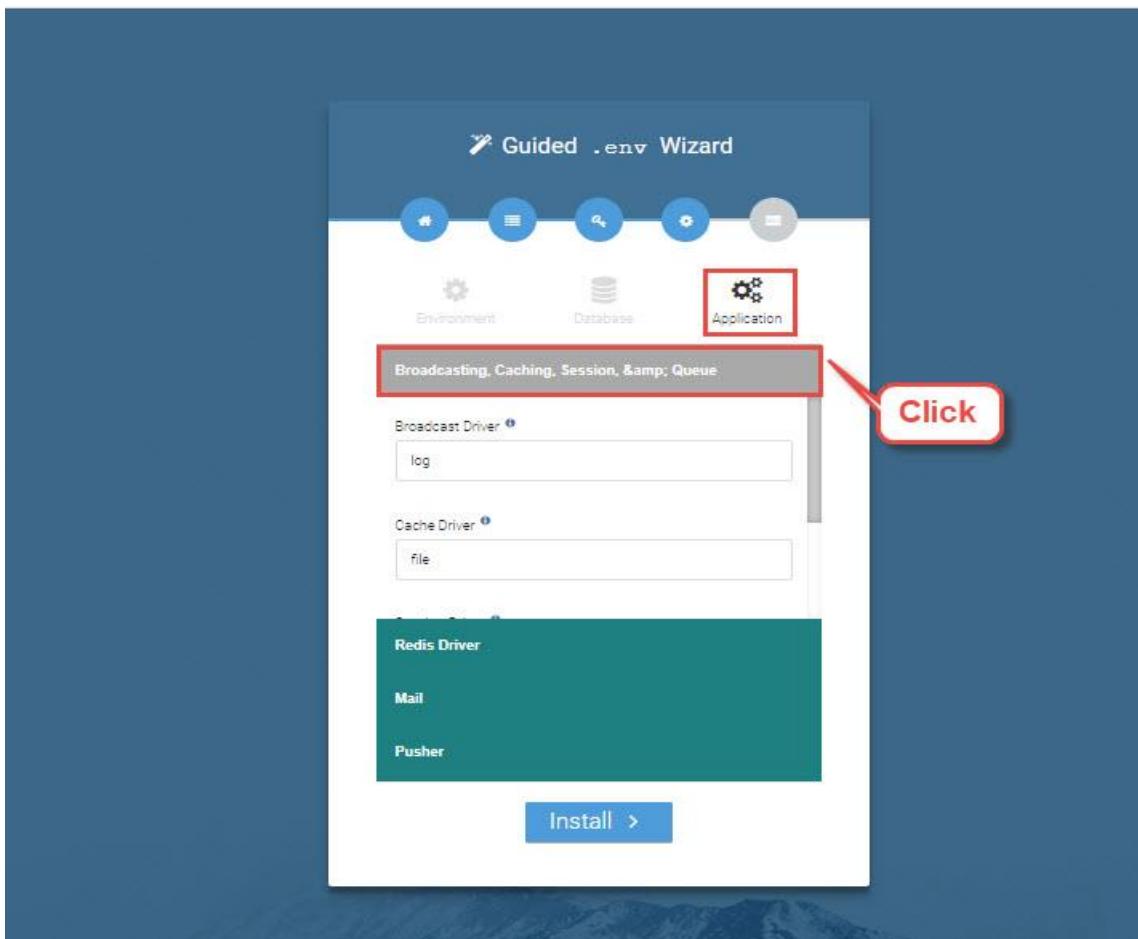

1. Select database connection (database type). Such as mysql, sqlite, pgsql etc.
2. Give database hostname (IP address of database server).
3. Give database port name.
4. Give database name.
5. Give database username.
6. Give database password.

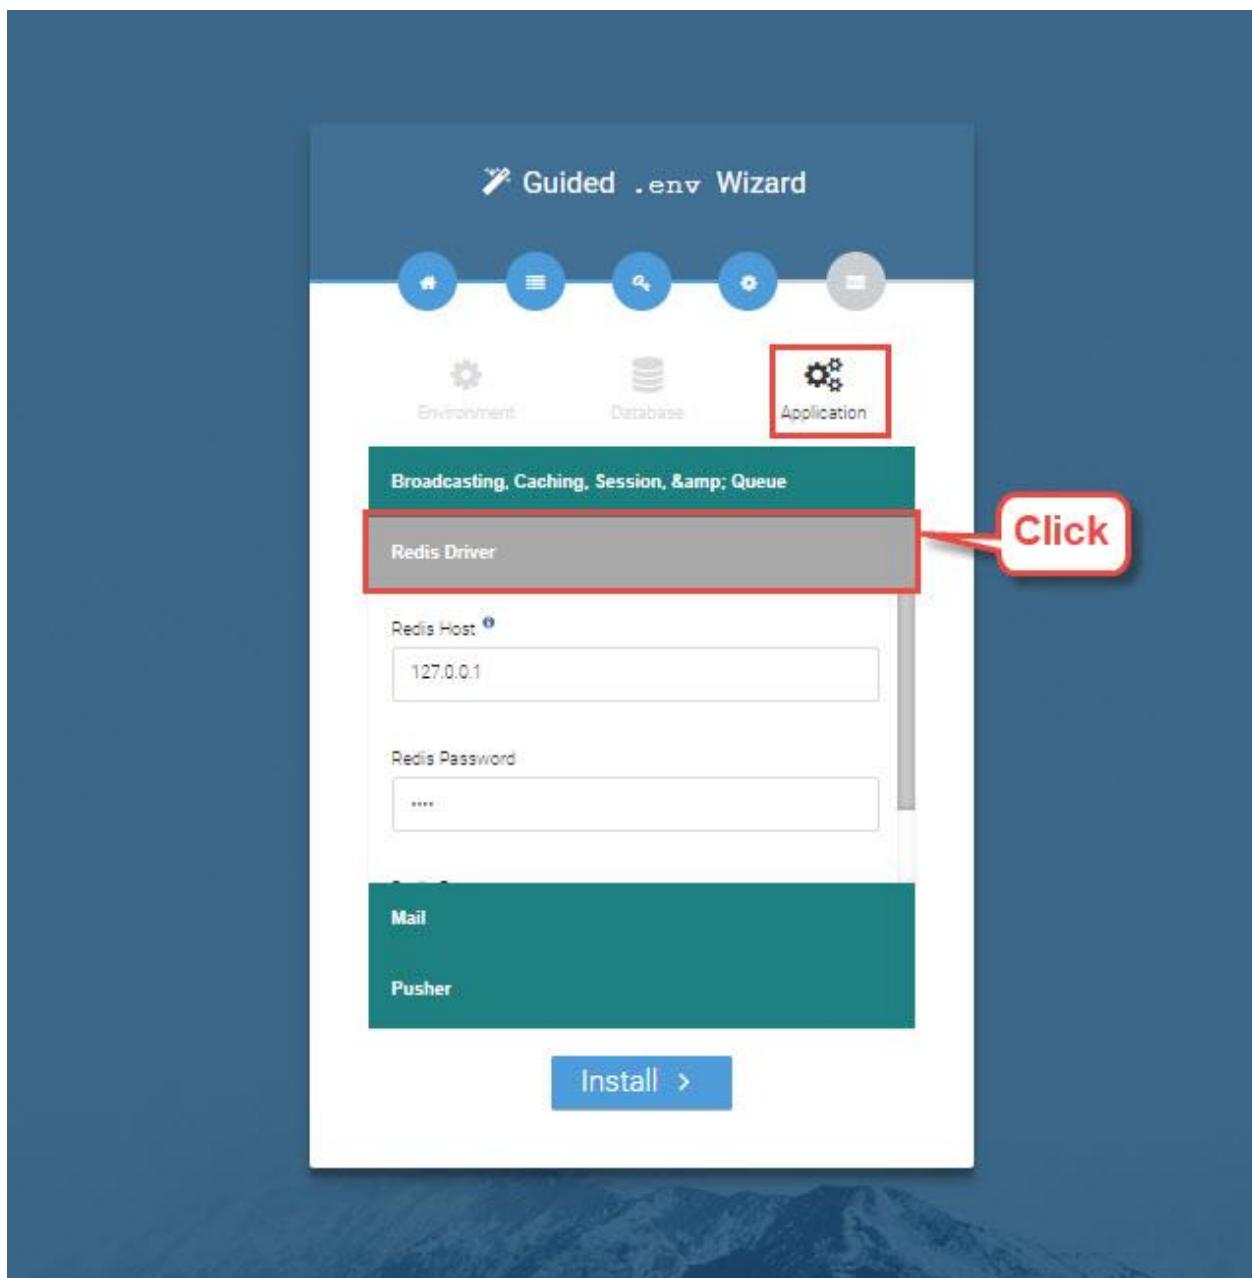

**To configure application:**

Click Application:

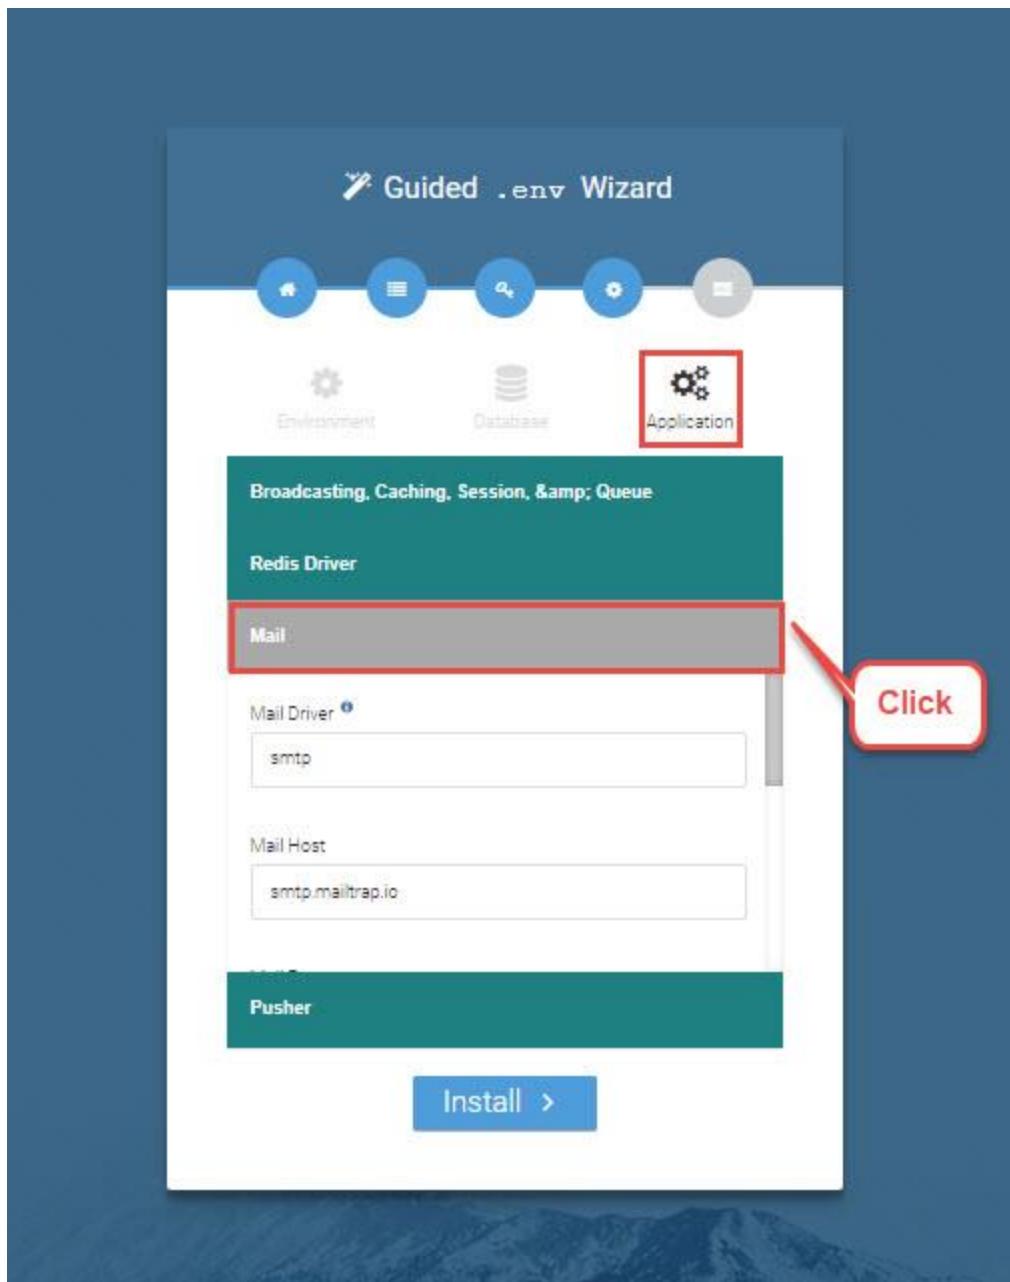

Click “Broadcasting, Caching, Session, Queue” to set up broadcasting, caching, session, queue.

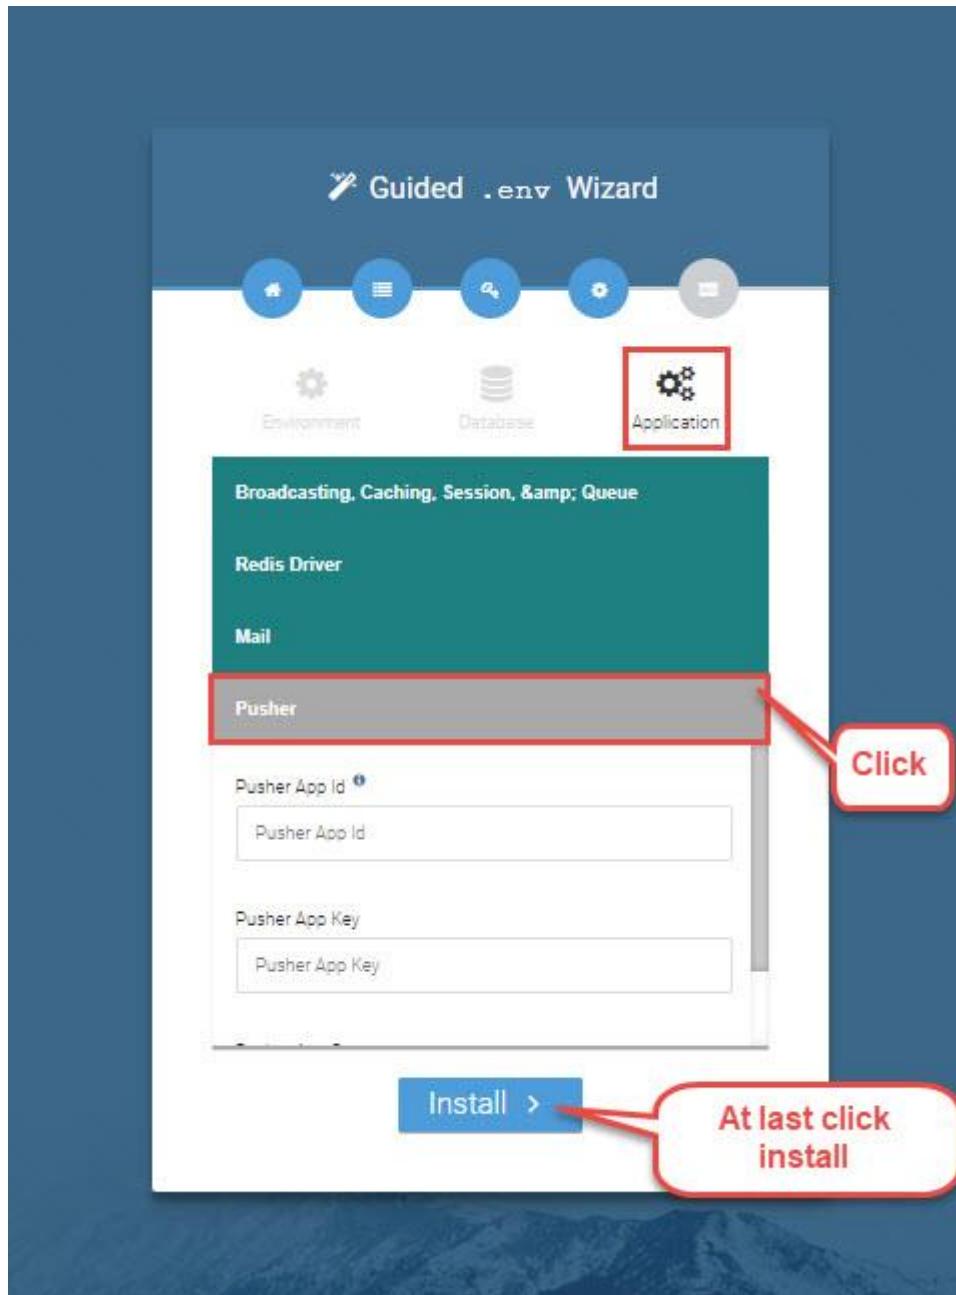

Click “Redis Driver” to set up Redis Host, Redis Password and Redis Port.

Click "Mail" to set up Mail Driver, Mail Host, Mail Port, Mail Username, Mail Password and Mail Encryption.

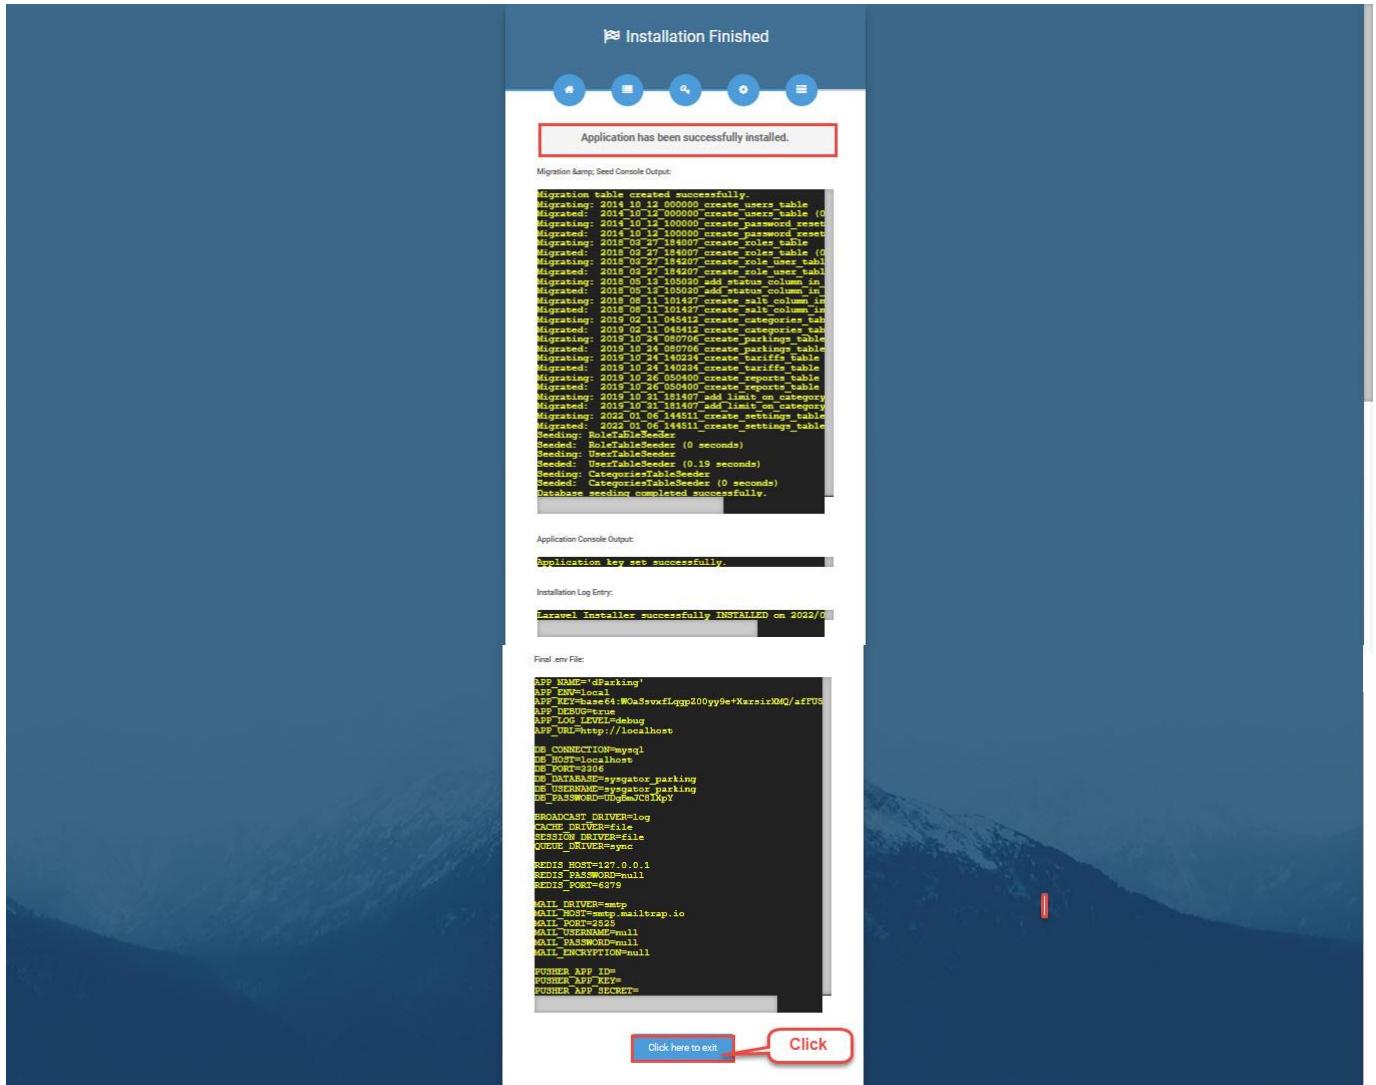

Click “Pusher” to set Pusher App Id, Pusher App Key, Pusher App Secret.

At last, click the “Install” button to complete the install process.

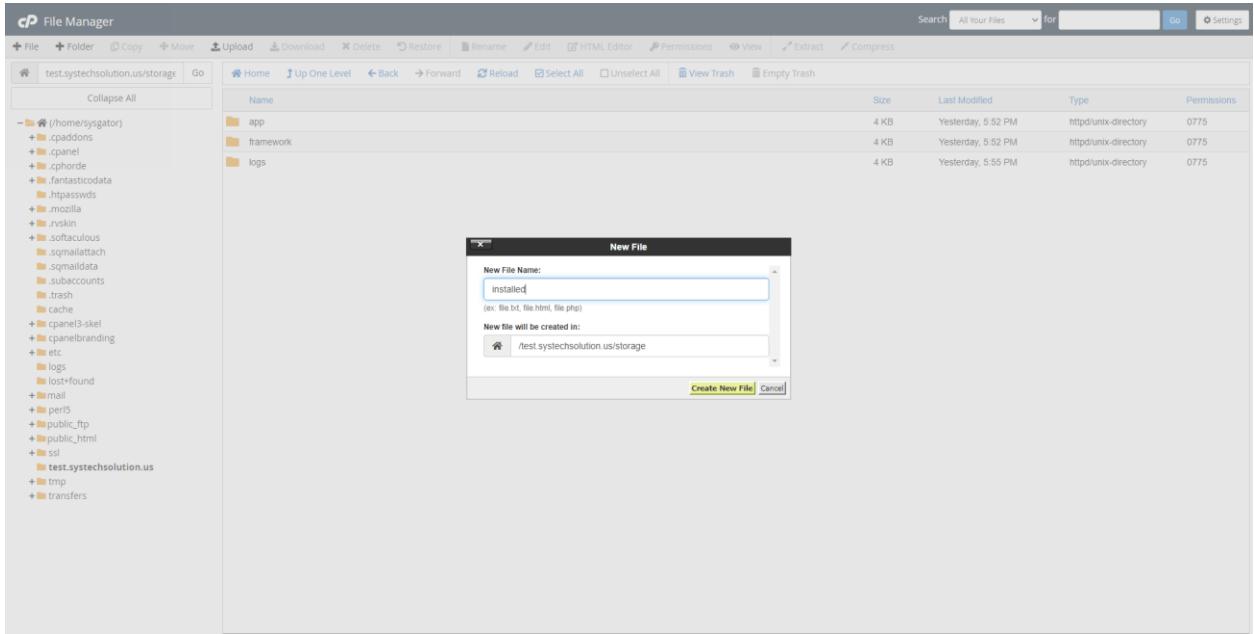

Click “Save and install” button to save and install the environment.

The user will get a successful message. At last, click here to exit.

## 1.4 Manual Installation

Create an “installed” file in storage folder.

Update the .env file as per your need and that's it.

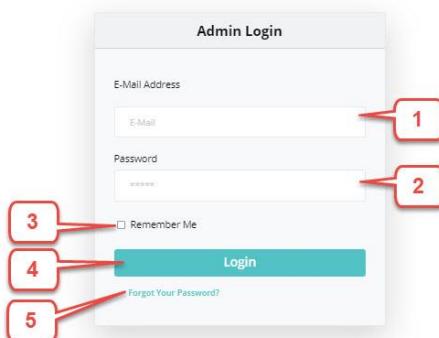

Set variable DEMO=true if you want see dummy data or set DEMO=false.

## 2. Login:

### Default Login credentials

Admin Credentials User: <a href="mailto:admin@gmail.com">admin@gmail.com</a> Password: 123456	Admin Credentials User: operator@gmail.com Password: 123456
---	---

**Feature definition:** Through the login feature, an authorized user can log into the software.

- 1) Give the user's email address.
- 2) Give the user's password.
- 3) If you want that browser will remember you for further login then check the checkbox. However, if you do not want that browser will save your password for further login then leave the checkbox unchecked.
- 4) Click login to login into the software.
- 5) If you have forgotten the password, then click the "Forget Your Password?" link. You will get a page.

The image shows a 'Reset Password' form with two main fields: 'E-Mail Address' and a 'Send Password Reset Link' button. A red box highlights the 'E-Mail Address' field, and a red arrow labeled '6' points to it. Another red box highlights the 'Send Password Reset Link' button, and a red arrow labeled '7' points to it.

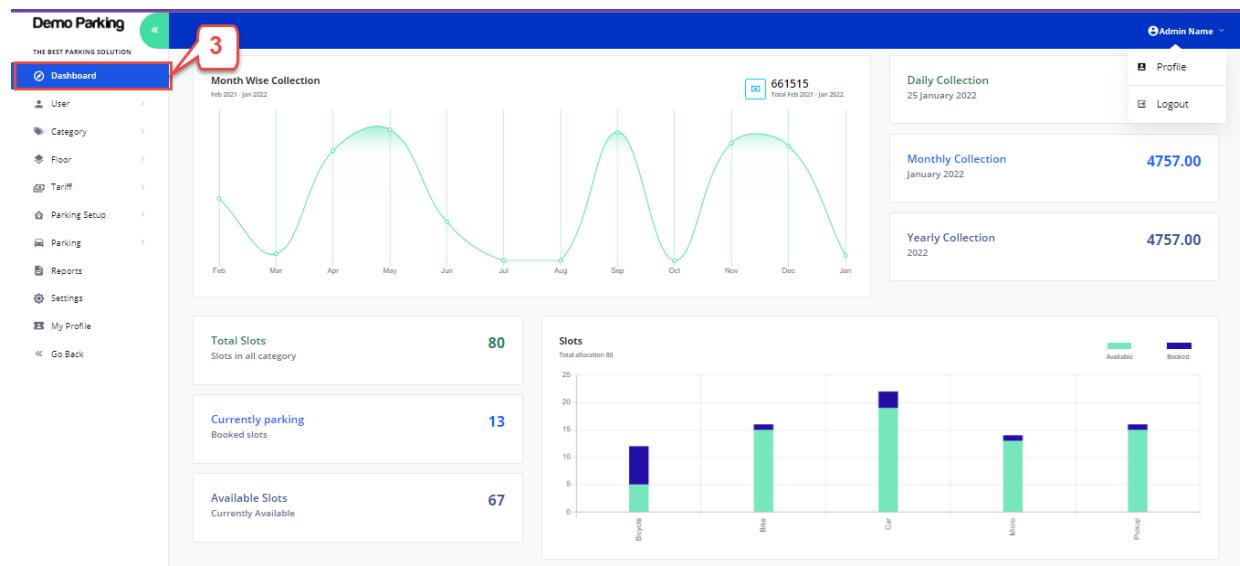

6)Give your user email here.

7)Click this button to get a password recovery email.Then rest your password.

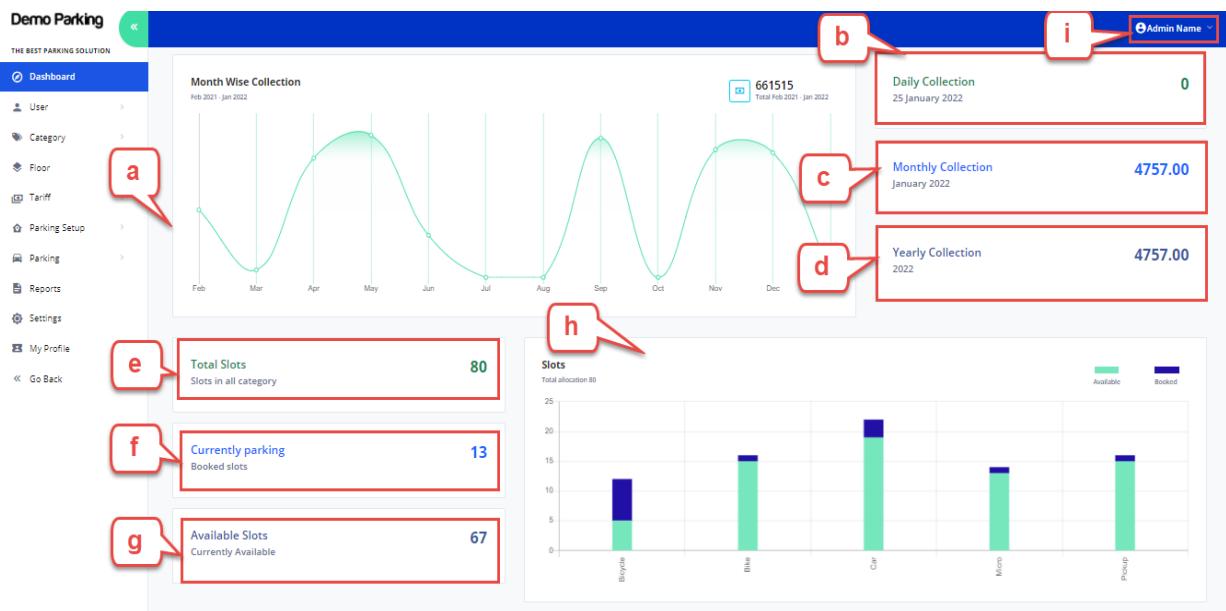

### 3.Dashboard:

**Feature definition:**To see key performance at-a-glance, go to the dashboard.

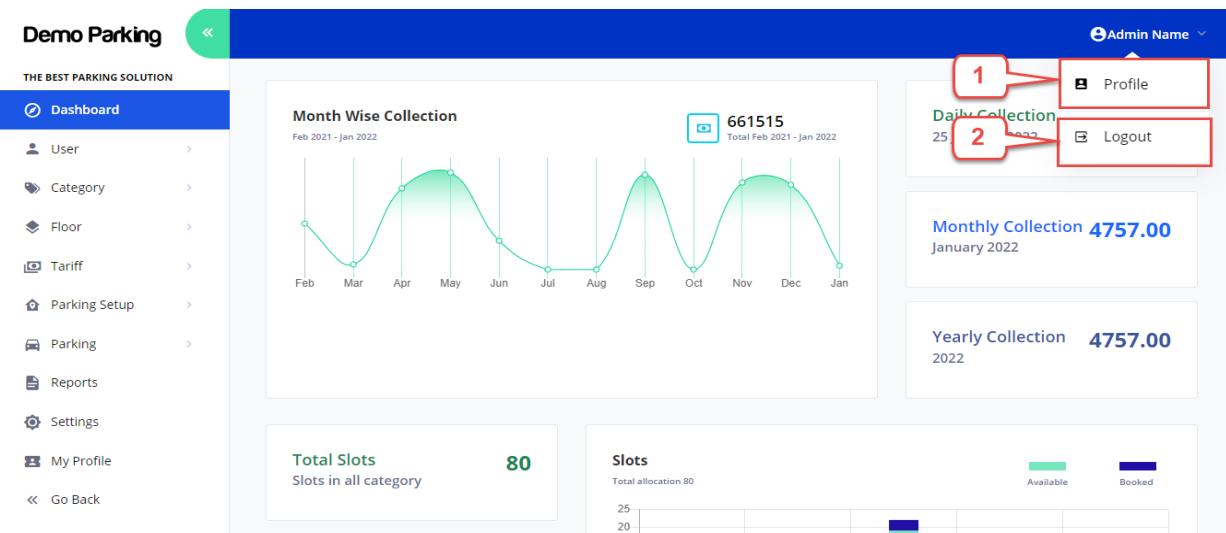

Click Dashboard to go to the Dashboard menu.

## Documentation by dParking v1.0

- This line graph shows the month wise collection.
- This box shows the daily collection amount.
- This box shows the monthly collection amount.
- This box shows the yearly collection amount.
- This box shows the total slots quantity.
- This box shows the currently parking quantity.
- This box shows the available slots quantity.
- This bar graph shows the slots availability.
- For logout click this button. Here you will get 2 options.

- Click here if you want to go to profile page.
- Click here if you want to logout.

## 4. User Management:

**Feature definition:** Only registered users can log into the software. To register, edit and see a user; we use this feature.

Click the User Management on the left side menu to come to the user management page.

The screenshot shows the dParking v1.0 dashboard. On the left, a sidebar menu lists various options: Dashboard, User (highlighted with a red box and the number 4), Category, Floor, Tariff, Parking Setup, Parking, Reports, Settings, My Profile, and Go Back. The main area displays several cards: 'Month Wise Collection' (Feb 2021 - Jan 2022) with a total of 661515 and a graph showing collection peaks in May and November; 'Daily Collection' (0 on 25 January 2022); 'Monthly Collection 4757.00' (January 2022); 'Yearly Collection 4757.00' (2022); 'Total Slots 80' (Slots in all category); and 'Slots' (Total allocation 80, with a chart showing 25 available slots and 55 booked slots).

### 4.1 Add User:

To create a new user, click Add User. You will get create User page.

The screenshot shows the 'Create User' form. The sidebar menu on the left has 'User' selected and 'Add User' highlighted with a red box and the number 4.1. The main form contains fields for Name\*, E-Mail Address\*, Role\*, Password\*, and Confirm Password\*. There are 'Clear' and 'Save' buttons at the bottom right. A 'User List' button is also visible in the top right corner of the form area.

Give category information here:

The screenshot shows the 'Create User' page. On the left is a sidebar with navigation links like Dashboard, User (Add User, User List), Category, Floor, Tariff, Parking Setup, Parking, Reports, and Settings. The main area is titled 'Create User' with fields for Name\*, E-Mail Address\*, Role\*, Password\*, and Confirm Password\*. It includes a note about the email being used as the login. Buttons at the bottom are 'User List', 'Clear', and 'Save'. Red callouts labeled a through h point to various parts of the interface.

- Give Username.
- Give user email.
- Select role, Admin or Operator.
- Give password.
- Give confirm password.
- Click 'Save' button to save the new user.
- To clear the text field, click the 'Clear' button.
- To see the user list click here.

#### 4.2 User list:

Click User list, here you will get a page .From this page you can see the created user. And from this list you can deactivate and delete them.

The screenshot shows the 'User List' page. The sidebar has a red box around the 'User List' link, with the number 4.2 next to it. The main area displays a table of users with columns for #SL, Name, Email, Roles, Status, and Action. The table shows two entries: 'Operator Name' with email 'operator@gmail.com' and role 'OPERATOR', and 'Nurul' with email 'nurulac@gmail.com' and role 'ADMIN'. Both are marked as 'Active'. At the bottom are buttons for 'Create new', 'First', 'Previous', 'Next', and 'Last'.

- To edit category information click here. Then you will get the category edit page.

## Documentation by dParking v1.0

User List

#SL	Name	Email	Roles	Status	Action
1	Operator Name	operator@gmail.com	OPERATOR	Active	<a href="#">Change</a> <a href="#">Edit</a>
2	Nurul	nurulac@gmail.com	ADMIN	Active	<a href="#">Change</a> <a href="#">Edit</a>

Edit User

User List i

Name \* a: operator Name

Email \* b: operator@gmail.com  
This email will be used as your login email.

Role \* c: Operator

Password d

Confirm Password e

Current Password \* f  
You need to provide your current password to update profile

g Clear Update

- a. Edit user name.
  - b. Edit user email address.
  - c. Edit user role.
  - d. Give new password.
  - e. Give new confirm password.
  - f. Give current password.
  - g. Click 'Update' button to save the updated data.
  - h. If you want to clear text field click 'Clear' button.
  - i. If you want to go to user list page, click here.
2. To change the user's status from activate to deactivate, click the change link.

The screenshot shows the 'User List' page of the dParking v1.0 application. At the top, a green banner displays the message 'SUCCESS! User Status Changed Successfull!'. Below this, the 'User List' table is shown with two entries:

#SL	Name	Email	Roles	Status	Action
1	Operator Name	operator@gmail.com	OPERATOR	Active	<a href="#">Change</a>   <a href="#">Edit</a>
2	Nurul	nurulac@gmail.com	ADMIN	Active	<a href="#">Change</a>   <a href="#">Edit</a>

Below the table, a message says 'Showing 1 to 2 of 2 entries (filtered from 3 total entries)'. On the right side of the table, there are navigation buttons: 'First', 'Previous', a blue '1' button, 'Next', and 'Last'. A red box labeled '2' highlights the 'Action' column header. A red box labeled '3' highlights the 'Create new' button at the top right.

3. Users can search user name from this search box.
4. If you want to go to next page click here.
5. If you want to go to previous page click here.
6. If you want to view more than 10 data click here.
7. Users can go to create new page by clicking here.

The screenshot shows the same 'User List' page as the previous one, but with several red callouts numbered 1 through 5:

- Callout 1 points to the 'Search:' input field at the top right of the table.
- Callout 2 points to the 'Next' button at the bottom right of the table.
- Callout 3 points to the 'Previous' button at the bottom left of the table.
- Callout 4 points to the 'Show 10 entries' dropdown menu at the top left of the table.
- Callout 5 points to the 'Create new' button at the top right of the page.

## 5. Category:

**Feature definition:** In category module, the types of vehicles are registered. Such as cars, bikes, etc.

Click the Categorylink, on the left side of menu, to come to Category page.

The screenshot shows the 'Category' list page. On the left, a sidebar menu has 'Category' highlighted with a red box. A red circle with the number '5' points to this link. At the top, a green banner displays the message 'SUCCESS! Category Deleted!'. The main table lists four categories: Micro, Pickup, Bike, and Bicycle, each with a status of 'Enable'. A 'Create new' button is visible in the top right of the table area.

## 5.1 Add Category:

To create a new category, click Add Category. You will get create category page.

The screenshot shows the 'Add Category' form. On the left, a sidebar menu has 'Add Category' highlighted with a red box. A red circle with the number '5.1' points to this link. The form contains fields for 'Type\*' (with a placeholder box), 'Status\*' (set to 'Enable'), 'Description\*', and 'Limit Count\*' (set to 'Yes'). There are 'Clear' and 'Save' buttons at the bottom right.

Give category information here:

The screenshot shows the 'Add Category' page. On the left is a sidebar with 'Category' selected. The main area has a title 'Add Category'. It contains fields for 'Type\*' (with a red box 'a'), 'Description\*' (with a red box 'c'), 'Limit Count\*' (with a red box 'd'), 'Status\*' (set to 'Enable' with a red box 'b'), and buttons 'Clear' (red box 'f') and 'Save' (red box 'e'). A red box 'g' points to a 'Category List' button.

- Give vehicle type name here, such as car, bike, bicycle, etc.
- Select status enable or disable.
- Write the vehicle description.
- Select limit count yes to enable the limit count for that vehicle type.
- Click the save button to save the changes.
- To clear data from the text fields, click the clear button.
- If you want see category list click here. You will get a page where you can see the list of category.

## 5.2 Category list:

Click category list, here you will get a page .From this page you can see the added category. And from this list you can edit and delete them.

The screenshot shows the 'All Category' page. The sidebar has 'Category' selected and 'Category List' highlighted with a red box '5.2'. The main area has a table titled 'All Category' with columns: #SL, Type, Description, Limit Count, Status, and Option. The table data is as follows:

#SL	Type	Description	Limit Count	Status	Option
1	Car	Yes	Enable	<input checked="" type="checkbox"/> <input type="checkbox"/>	
2	Micro	Yes	Enable	<input checked="" type="checkbox"/> <input type="checkbox"/>	
3	Pickup	Yes	Enable	<input checked="" type="checkbox"/> <input type="checkbox"/>	
4	Bike	Yes	Enable	<input checked="" type="checkbox"/> <input type="checkbox"/>	
5	Bicycle	Yes	Enable	<input checked="" type="checkbox"/> <input type="checkbox"/>	

- To edit category information click here. Then you will get the category edit page.

#	Type	Description	Limit Count	Status	Option
1	Car		Yes	Enable	<input checked="" type="checkbox"/> <input type="checkbox"/>
2	Micro		Yes	Enable	<input checked="" type="checkbox"/> <input type="checkbox"/>
3	Pickup		Yes	Enable	<input checked="" type="checkbox"/> <input type="checkbox"/>
4	Bike		Yes	Enable	<input checked="" type="checkbox"/> <input type="checkbox"/>
5	Bicycle		Yes	Enable	<input checked="" type="checkbox"/> <input type="checkbox"/>

- a. Edit vehicle name.
- b. Edit the status.
- c. Edit current vehicle description.
- d. Edit Limit count.
- e. Click the Update button to save the change.
- f. If you want to clear the data without saving it, click 'Clear' button.
- g. If you want to go to category list click here.

2. To delete category, click here.

#SL	Type	Description	Limit Count	Status	Option
1	Micro	Yes	Enable		
2	Pickup	Yes	Enable		
3	Bike	Yes	Enable		
4	Bicycle	Yes	Enable		

3. Users can search category from this search box.
4. If you want to go to next page click here.
5. If you want to go to previous page click here.
6. If you want to view more than 10 data click here.
7. Users can go to create new page by clicking here.

#SL	Type	Description	Limit Count	Status	Option
1	Micro	Yes	Enable		
2	Pickup	Yes	Enable		
3	Bike	Yes	Enable		
4	Bicycle	Yes	Enable		

## 6. Floor:

**Feature definition:** For vehicles parking you may have different floors for parking. In this feature, you can add, edit and delete floor. And you can also deactivate floor if the floor is not assign for the car parking.

## 6.1 Add Floor:

To add new floor, click Add Floor. Here you will get a page for adding floor.

- Enter floor name.
- Select level of the floor.
- If you want to write remarks, write here.
- Click 'Create' button for saving data.
- If you want to clear data without saving click 'Clear' button.
- Users can go to floor list by clicking here.

## 6.2 Floor List:

Click floor list, here you will get a page .From this page you can see the added floor. And from this list you can edit and delete them.

#SL	Name	Level	Remarks	Status	Option
1	Basement-1	0		Active	

Showing 1 to 1 of 1 entries

1. To edit floor information click here. Then you will get the category edit page.

The screenshot shows the 'Floor List' page. The left sidebar has a blue header 'Demo Parking' and a list of navigation items. The 'Floor' item is selected and highlighted. The main content area is titled 'Floor List' and shows a table with one entry: 'Basement-1' at level 0, status Active. There is a toolbar with buttons for 'Create new', 'Edit', 'Delete', and a search bar. A red box labeled '1' points to the 'Edit' button.

- Edit floor name.
- Edit the floor level.
- Edit remarks.
- Click the Update button to save the changes.
- If you want to clear the data without saving it, click 'Clear' button.
- If you want to go to floor list click here.

The screenshot shows the 'Edit Floor' page. The left sidebar is identical. The main content area is titled 'Edit Floor' and contains fields for 'Name' (3rd floor), 'Floor Level' (3), and 'Remarks' (3rd floor level). There are buttons for 'Floor List' (labeled 'f'), 'Clear' (labeled 'e'), and 'Update' (labeled 'd'). Red boxes labeled 'a' through 'f' point to the 'Name' field, 'Floor Level' dropdown, 'Remarks' field, 'Floor List' button, 'Clear' button, and 'Update' button respectively.

2. To delete floor, click here.

## Documentation by dParking v1.0

The screenshot shows the 'Floor List' page of the dParking v1.0 software. The left sidebar has a blue header 'Demo Parking' and a list of navigation items: Dashboard, User, Category, Floor (selected), Add Floor, Floor List, Tariff, Parking Setup, Parking, Reports, Settings, and Go Back. The main content area has a title 'Floor List' and a toolbar with 'Create new', 'Search', and 'Option' (highlighted with a red box labeled '2'). Below is a table with two entries:

#SL	Name	Level	Remarks	Status
1	Basement-1	0		Active
2	3rd floor	3	3rd floor level	Active

At the bottom, it says 'Showing 1 to 2 of 2 entries' and has navigation buttons.

3. To deactivate the floor, click here.

#SL	Name	Level	Remarks	Status
1	Basement-1	0		Active

4. To activate the deactivate floor, click here.

#SL	Name	Level	Remarks	Status
1	Basement-1	0		Inactive

5. Users can search floor from this search box.

6. If you want to go to next page click here.

7. If you want to go to previous page click here.

8. If you want to view more than 10 data click here.

9. Users can go to create new page by clicking here.

#SL	Name	Level	Remarks	Status	Action
1	Basement-1	0		Inactive	<input checked="" type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
2	Basement-2	1	Basement-2	Active	<input type="checkbox"/> <input checked="" type="checkbox"/> <input type="checkbox"/>

## 7. Tariff Management:

**Feature definition:** Different vehicles have different parking rates and minimum parking rates for a specific date range. In this feature, we can register the parking rate per hour and minimum parking rate for first hour and from which date to which date, this rate will be valid.

## 7.1 Add Tariff:

To add new floor, click Add Floor. Here you will get a page for adding tariff.

The screenshot shows the dParking v1.0 dashboard. On the left sidebar, under the 'Tariff' section, the 'Add Tariff' button is highlighted with a red box and labeled '7.1'. The main area displays various statistics and charts, including a 'Month Wise Collection' chart showing a total of 2,804 for the period 2021-2022, and sections for 'Daily Collection', 'Monthly Collection', and 'Yearly Collection'.

The screenshot shows the 'Add Tariff' form. The form fields are labeled with letters:

- a**: Name\* (text input field containing 'Private Car')
- b**: Start Date\* (text input field containing '2022-01-24 10:00:40')
- c**: End Date\* (text input field containing '2022-01-24 12:00:49')
- d**: Type\* (dropdown menu showing 'Car')
- e**: Min Amount \*(1st Hour) (text input field containing '50')
- f**: Amount\* (After 1st hour, Per/hour) (text input field containing '10')
- g**: Status\* (dropdown menu showing 'Enable')
- h**: Save (green button)
- i**: Clear (button)
- j**: Tariff List (link)

- Enter tariff name.
- Enter the start date & time for rate.
- Enter the end date & time for rate.
- Select the vehicle type.
- Enter parking amount for the first hour (min amount).
- Enter parking rate. This rate will be counted from the second hour.
- Select status Enable.
- Click save to save the data.
- To clear data from the text field, click the clear button.
- If you want to go to tariff list page, click here.

## 7.2 Tariff list:

Click tariff list, here you will get a page .From this page you can see the added tariff. And from this list you can edit and delete them.

#SL	Name	Type	Start Date	End Date	Min Amount	Per Hour	Status	Option
1	Cityscape HO	Bike	2020-01-01 12:01:19	2022-01-01 12:01:00	30.00	30.00	Enable	<input checked="" type="checkbox"/> <input type="checkbox"/>
2	Cityscape HO	Car	2020-01-01 12:01:07	2023-12-01 12:12:00	60.00	60.00	Enable	<input checked="" type="checkbox"/> <input type="checkbox"/>

1. To edit tariff information click here. Then you will get the tariff edit page.

#SL	Name	Type	Start Date	End Date	Min Amount	Per Hour	Status	Option
1	Cityscape HO	Bike	2020-01-01 12:01:19	2022-01-01 12:01:00	30.00	30.00	Enable	<input checked="" type="checkbox"/> <input type="checkbox"/>
2	Cityscape HO	Car	2020-01-01 12:01:07	2023-12-01 12:12:00	60.00	60.00	Enable	<input checked="" type="checkbox"/> <input type="checkbox"/>

- a. Edit tariff name.
- b. Edit the start date & time.
- c. Edit the end date & time.
- d. Edit vehicle type.
- e. Edit minimum amount for first hour.

- f. Edit amount that will be count from second hour.
- g. Edit status.
- h. Click 'Update' for saving the data.
- i. If you want to clear from text box, click here.
- j. If you want to go to tariff list page, click here.

**Edit Tariff**

Name *	Cityscape HO	a

Amount*(After 1st hour, Per/hour)	30.00	f
Status*	Enable	g
<input type="button" value="Update"/> <input type="button" value="Clear"/>		h

**Tariff List** j

2. To delete tariff, click here.

**All Tariff**

#SL	Name	Type	Start Date	End Date	Min Amount	Per Hour	Status	Options
1	Cityscape HO	Bike	2020-01-01 12:01:19	2022-01-01 12:01:00	30.00	30.00	Enable	
2	Cityscape HO	Car	2020-01-01 12:01:07	2023-12-01 12:12:00	60.00	60.00	Enable	

3. Users can search floor from this search box.

4. If you want to go to next page click here.

5. If you want to go to previous page click here.

6. If you want to view more than 10 data click here.

7. Users can go to create new page by clicking here.

The screenshot shows the 'All Tariff' section of the Tariff List page. A table lists two entries:

#SL	Name	Type	Start Date	End Date	Min Amount	Per Hour	Status	Option
1	Cityscape HO	Bike	2020-01-01 12:01:19	2022-01-01 12:01:00	30.00	30.00	Enable	<input checked="" type="checkbox"/> <input type="checkbox"/>
2	Cityscape HO	Car	2020-01-01 12:01:07	2023-12-01 12:12:00	60.00	60.00	Enable	<input checked="" type="checkbox"/> <input type="checkbox"/>

UI elements numbered:

- 6: 'Show 10 entries' dropdown
- 3: 'Search' input field
- 7: 'Create new' button
- 5: 'Previous' and 'Next' navigation buttons
- 4: Page number '1'

## 8. Parking Setup:

**Feature definition:** Every floor may have more than one slot. To create floor wise slot this feature can be used. Click Parking Management link to go to parking management page.

The screenshot shows the 'Create Parking Slot' page. The form fields are:

- Category: Car
- Floor: Basement-2
- Slot Name: Identity
- Remarks: (empty)

UI elements numbered:

- 8: 'Parking Setup' link in the sidebar

### 8.1 Add Slot:

To create slot click on 'Add Slot'. Here you get a page create slot.

The screenshot shows the 'Create Parking Slot' page. On the left, there's a sidebar with 'Parking Setup' selected, and 'Add Slot' is highlighted with a red box and the number '8.1'. The main area has fields for 'Category' (set to 'Car'), 'Floor' (set to 'Basement-2'), 'Slot Name' (set to 'Slot-1'), 'Identity' (set to 'left-side'), and 'Remarks' (empty). There are 'Clear' and 'Create' buttons at the bottom.

This screenshot is similar to the one above, but it includes numbered callouts (a through g) pointing to specific elements: 'a' points to the 'Category' dropdown, 'b' points to the 'Floor' dropdown, 'c' points to the 'Slot Name' input, 'd' points to the 'Identity' input, 'e' points to the 'Remarks' textarea, 'f' points to the 'Create' button, and 'g' points to the 'Floor List' button.

- Select category for this slot.
- Select floor for this slot.
- Enter slot name.
- Enter slot identity.
- If you want write remarks, write here.
- Click 'Create' to save the data.
- If you want to clear the text box, click here.
- If you want to go to floor list, click here.

## 8.2 Slot List:

Click slot list, here you will get a page .From this page you can see the added slot. And from this list you can edit and delete them.

#SL	Category	Floor	Slot Name	slotId	Status	Option

## 9. Parking:

**Feature definition:** For vehicles parking, customers have to book the available slot and after the booking time, they need to checkout. From this feature, users can see the available slot and can book them. And after the booking time, the user can check out very easily by a barcode.

Click Parking link on the left side of the menu to go to parking feature.

**Total Slots**  
Slots in all category **86**

**Slots**  
Total allocation 86

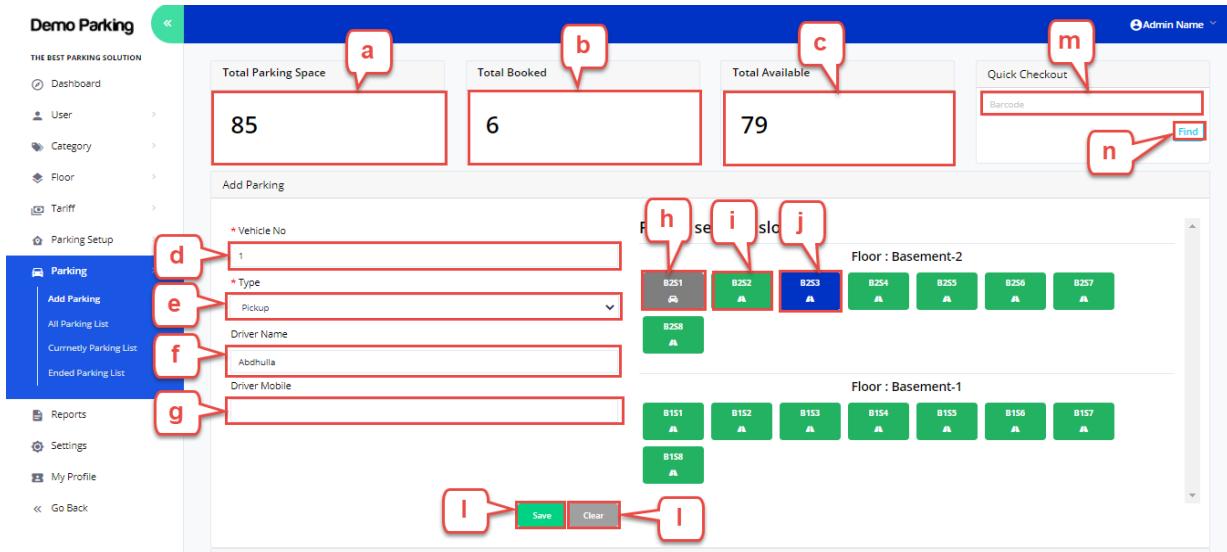

## 9.1 Add Parking:

For booking slot, click 'Add Parking'. Here, you will get a page for booking slot and check out.

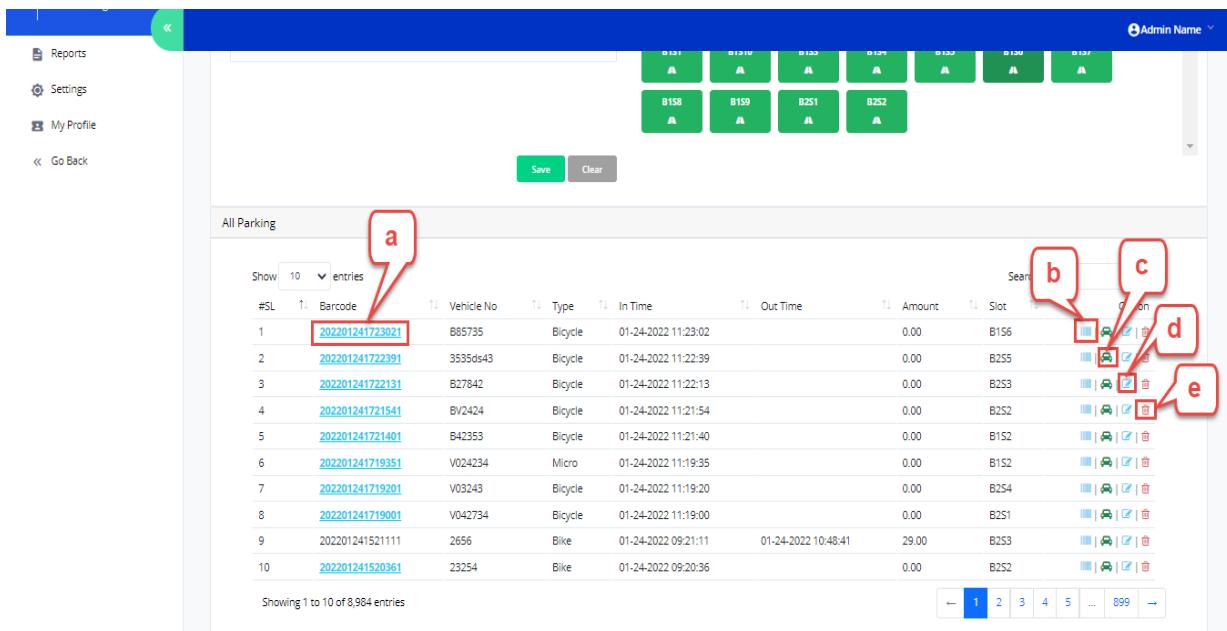

The screenshot shows the 'Add Parking' interface. On the left, a sidebar menu includes 'Dashboard', 'User', 'Category', 'Floor', 'Tariff', 'Parking Setup', 'Parking' (which is selected and highlighted with a red box containing '9.1'), 'All Parking List', 'Currently Parking List', 'Ended Parking List', 'Reports', 'Settings', and 'My Profile'. Below the sidebar is a 'Go Back' link. The main content area has a header 'Add Parking' and a sub-header 'Please select a slot'. It displays two floors of parking slots. The 'Floor : Basement-2' section contains slots B151 (green), B152 (grey), B2510 (green), B2511 (grey), B253 (green), B254 (grey), B255 (green), B256 (grey), B257 (green), and B259 (grey). The 'Floor : Basement-1' section contains slots B151 (green), B1510 (green), B153 (green), B154 (green), B155 (green), B156 (green), B157 (green), B158 (green), B159 (green), B251 (green), and B252 (green). At the bottom are 'Save' and 'Clear' buttons.

- In this box user can see the total parking space.
- In this box user can see the total booked space.
- In this box user can see the total available space.
- For booking space enter vehicle no.
- Enter vehicle type.
- Enter Driver Name.
- Enter Driver mobile number. Now user have to select a slot.
- In the right side of the page you can see the total floor and slot details. Gray color slot is already booked.
- Green color slot is available slot.
- Blue color slot is user selected slot.
- Click 'Save' button for booking your selected slot.
- Click 'Clear' button if you want to clear data from text box.
- For check out enter your barcode number here.
- Click 'Find' button for searching the barcode.

## Documentation by dParking v1.0

At the bottom part of this page user can see the booking details. Also can print barcode, end parking, edit parking and delete parking.

- Here blue color barcode is the taken vehicle slot which is not check out yet.
- Click here to print that barcode.
- Click here to End that vehicle parking time.
- Click here to edit that parking details.
- Click here for delete parking.

Showing 1 to 10 of 8,971 entries

**Numbered Callouts:**  
 1. Search bar  
 2. Pagination controls (left, right, page numbers)  
 3. Show dropdown  
 4. Total entries displayed (10)

## 10. Report:

**Feature definition:** This feature shows the report of vehicle parking start time, end time, vehicle number, rent amount, paid amount, and total amount. This report can be filtered with different parameters such as date range, vehicle number, vehicle type, driver name, and driver mobile number.

Click Report link on the left side of the menu to see vehicle parking report.

**Filter for report:**

From Date :	<input type="text"/>	To Date :	<input type="text"/>	Type :	<input type="text" value="All Type"/>
Car No :	<input type="text"/>	Driver Name :	<input type="text"/>	Driver Mobile :	<input type="text"/>

**Numbered Callouts:**  
 10. Reports link in the sidebar

The screenshot shows the 'Reports' section of the dParking v1.0 application. On the left is a sidebar with navigation links: Dashboard, User, Category, Floor, Tariff, Parking Setup, Parking, Reports (which is selected and highlighted in blue), Settings, and My Profile. Below the sidebar is a 'Go Back' link.

The main area is titled 'Filter for report' and contains fields for 'From Date' (2022-01-01 02:05:24), 'To Date' (2022-01-25 19:25:35), 'Type' (All Type), 'Car No.', 'Driver Name', and 'Driver Mobile'. There are also 'Clear' and 'Filter' buttons. A 'Report View' section displays a table titled 'Parking Report' with data from January 1st to January 25th, 2022. The table has columns: SL, Vehicle No, Type, Floor, Slot, In Time, Out Time, Amount (BDT), and Paid (BDT). The data includes entries for various vehicles (e.g., 350655, 254588, 352245) across different floors and slots, with their respective entry and exit times and charges.

Numbered callouts point to specific elements:

- 1: Points to the 'From Date' field.
- 2: Points to the 'Type' dropdown.
- 3: Points to the 'Car No.' input field.
- 4: Points to the 'Driver Name' input field.
- 5: Points to the 'Clear' button.
- 6: Points to the 'Filter' button.
- 7: Points to the 'Report View' table header.
- 8: Points to the 'Download / Print' button.
- 9: Points to the 'Paid (BDT)' column header.

1. Users can search the report with the date range.
2. User can search the report with vehicle type.
3. User can search the report with the vehicle number.
4. User can search the report with a driver's name.
5. User can search the report with the driver's mobile number.
6. For search, after giving any search parameter, click filter.
7. User can see searched report according to the parameter.
8. User can download or print the report by clicking Download/Print button.
9. To search data, click the clear button.

## 11. Setting:

**Feature definition:** This feature can be used for changing title, title image, login logo, software logo

Click the Setting link to go to setting page,

The screenshot shows the 'Settings' section of the dParking v1.0 application. On the left is a sidebar with navigation links: Dashboard, User, Category, Floor, Tariff, Parking Setup, Parking, Reports, Settings (which is selected and highlighted in blue), and My Profile. Below the sidebar is a 'Go Back' link.

The main area is titled 'General Setting' and contains fields for 'Site Title' (Demo Site), 'Login Image' (366x768 | 1000kb), 'Logo' (150x50 | 50kb), and 'Favicon' (64x64 | 50kb). Each field has 'Choose File' and 'Existing' buttons. A 'Save Change' button is located at the bottom right.

A numbered callout 11 points to the 'Settings' link in the sidebar.

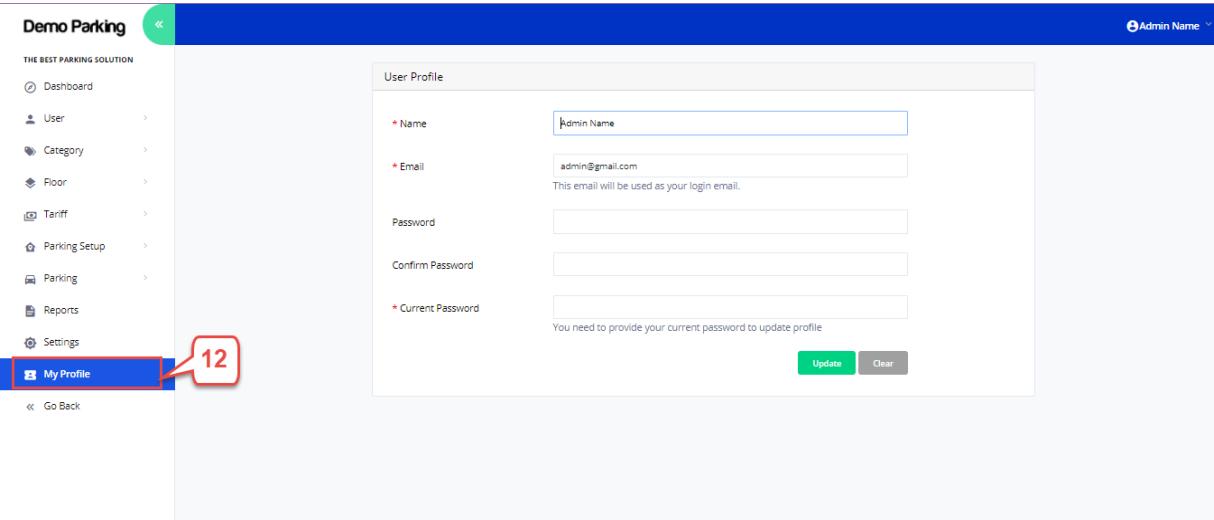

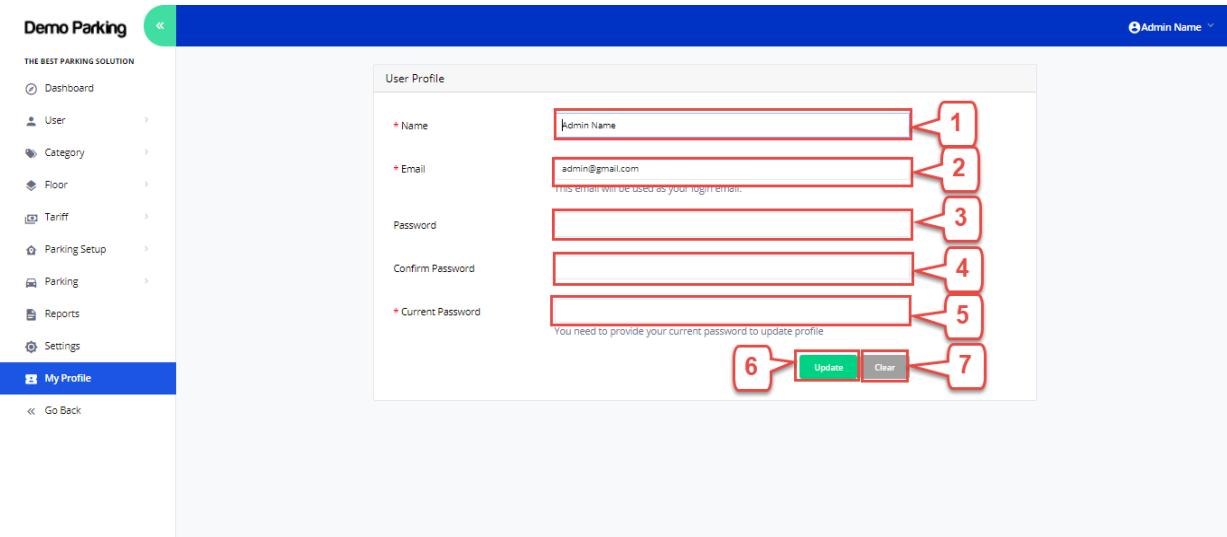

1. Give the site title here.
2. User can change and see login image.
3. User can change and see the logo.
4. User can change and see the title image.
5. Click the save button to save the change.

## 12. My Profile:

**Feature definition:** This feature can be used for updating user profile and changing user password.

Click My Profile link to go to profile page.

1. Update the user's name.
2. Update the user's email.
3. Give a new password.
4. Confirm the new password.
5. Give current password.
6. Click Update to save the change.
7. To clear the text field, click the clear button.
